Respuestas

A horizontal number line with arrows at both ends, labeled with integers 0, 1, 2, 3, 4, and 5. There are tick marks every 0.2 units. Red arcs are drawn below the line, starting at each integer and ending at the next integer plus 0.2. Specifically, arcs are drawn from 0 to 0.2, 1 to 1.2, 2 to 2.2, 3 to 3.2, and 4 to 4.2.

A horizontal number line with arrows at both ends. It is marked with integers 0, 1, 2, 3, and 4. Between each integer, there are four smaller tick marks, dividing each unit into five equal intervals. Red arcs are drawn below the line, starting at each integer and ending at the next integer, representing the intervals $[0, 1]$, $[1, 2]$, $[2, 3]$, and $[3, 4]$.

A horizontal number line with arrows at both ends. It is marked with integers from 0 to 5. Between each integer, there are four small tick marks, dividing each unit into five equal intervals. Red arcs are drawn below the line, starting at each integer and ending at the next integer, representing the intervals $[0, 1]$, $[1, 2]$, $[2, 3]$, $[3, 4]$, and $[4, 5]$.

A horizontal number line with arrows at both ends. It is marked with 0 at the left and 1 at the right. There are 10 equal intervals between 0 and 1, each marked with a small tick. Red arcs are drawn below the line, connecting 0 to 0.3, 0.3 to 0.6, and 0.6 to 1.0.
