

**Resuelve cada problema.**

- 1) How many aristas does a esfera have?
- 2) How many vértices does a pirámide rectangular have?
- 3) How many caras does a prisma triangular have?
- 4) How many caras does a pirámide rectangular have?
- 5) How many vértices does a pirámide rectangular have?
- 6) How many vértices does a esfera have?
- 7) How many caras does a pirámide rectangular have?
- 8) How many aristas does a prisma rectangular have?
- 9) How many vértices does a cubo have?
- 10) How many vértices does a prisma triangular have?
- 11) How many aristas does a cubo have?
- 12) How many caras does a cubo have?
- 13) How many aristas does a pirámide rectangular have?
- 14) How many caras does a esfera have?
- 15) How many aristas does a pirámide rectangular have?
- 16) How many caras does a prisma rectangular have?
- 17) How many vértices does a prisma rectangular have?
- 18) How many aristas does a prisma triangular have?
